 Colors: Black
 Sizes: S – XXL
MON9001 – \$79.95

MEN'S A-2 JACKET

Our A-2 is made of brown goatskin—like the original. The knit wool cuffs and waistband, hidden snaps under the collar points, epaulets, and two front flap closure pockets make it unmistakably A-2; but there are some added features in our version. Handwarmer pockets, an interior wallet pocket, and leather interfacing to prevent the zipper from getting caught bring this version in line with today's lifestyles.
 Men's sizes: 40–54.
 Color: Brown.
Perrone's historically accurate leather A-2 jacket with some contemporary updates.
LEA1001 – \$350.00

LADY AVIATOR JACKET

What we consider the women's version of the A-2, this jacket was fashioned after Amelia Earhart's original flight jacket. Made of super soft, durable calfskin, it has a flattering silhouette with a fitted waist and pleated back. The belted back, large lapel flap collar, and slash front pockets are some of the details used in homage to the original.
 Women's sizes: 6–18. Color: Brown.
Perrone's historically accurate leather A-2 jacket with some contemporary updates.
LEA8001 – \$350.00

LADIES' APPAREL

C&B LADIES' GLEAM MOCK

CREWSHADES
There's nothing as irritating as the sun's unrelenting glare. These sun shades provide instant, adjustable relief from the sun. They attach to a window or canopy with two suction cups that will not scratch. Each shade is 14" x 19" and folds down to 6" in diameter to fit in a convenient storage case. CIRRUS logo screened on each. Two shades per package.
CCS1001 – \$24.95

PILOT ACCESSORIES

LIGHTSPEED THIRTY G3 HEADSET

This headset is the quietest they've ever made. The headset has loads of sound flexibility. You can personalize your side tone to optimize intelligibility or change the treble or bass level with the 3-band equalizer. It's stereo/mono switchable and has independent left and right ear volume controls. The headset is 16 oz. and is available in battery pack or Lemo-plug version.

LIT-30 – \$650.00

TELEX STRATUS 50-D HEADSET

The Stratus is available in a Lemo-plug version specifically for CIRRUS aircraft. This version powers the headset through the jack, eliminating the battery box. This headset includes dual volume controls, a stereo/mono switch, auto-shutoff to save battery life, and a reversible mic for pilot/copilot operation; all at only 18 oz. It collapses for easy storage in the deluxe storage case. Available in battery pack upon request.

TELEX 2001 – 725.00

BOSE AVIATION HEADSET X

The Bose active noise reduction headset is the smallest and lightest full-spectrum noise reduction that they've ever made. Their TriPort® headset structure leaves more space inside the ear cups for passive attenuation and allows for reduced headband force, creating a lighter and less bulky headset. The result is superior noise reduction in a comfortable headset that weighs only 12 oz.

BOSE – \$997.00

THE ILLUMINATOR

No batteries or bulbs to replace ever! One minute wind-up provides up to 1 hour of continuous ultra bright light. Ideal for emergency home, auto, camping fishing & more.

ILL1001 – \$29.95

GROUND POWER SUPPLY

Start Pac Mini Power Supply provides 24V power for your CIRRUS Avionics Systems. Ideal for powering your avionic displays while updating and training.

SPAC9999 – \$425.00

GILL BATTERY CHARGER

Teledyne created this battery charger to adjust to all "Gill" 24-volt batteries. This "smart" charger automatically starts charging when the battery needs it and monitors the charging to match the battery's requirements to prevent overcharging. Reverse and short protection is built in and LED progress indicators make it easy to see the battery charge level. Weighing just 3.3 lbs., the output is 27 VDC Nominal 7.7 Amps with an input of 110-120 VAC @ 60 HZ 3.4 Amps.

PILOT ACCESSORIES

FLIGHTSTAT PULSE OXIMETERS

The first pulse oximeter designed especially for pilots. The Nonin FlightStat® Pulse Oximeter provides an easy and accurate way to check for the onset of in-flight hypoxia instantly – providing crucial data before it's too late.

PUL9001 – \$325.00

CARBON MONOXIDE DETECTOR

18-month carbon monoxide detector. Color of inner circle indicates air quality. Important item for all CIRRUS owners.

09-35601 – \$9.95

HAND-HELD OXYGEN SYSTEM

Unique hand-held portable oxygen system lasts 1/2 hour and is refillable. This is an item all pilots should have in the plane. Comes with a carrying case featuring the CIRRUS logo.

EMT-3 – \$269.95

NEW!

DEMAND CONSERVER KIT

Kit includes one dual supply cannula, one dual supply mask and CPC connector. Delivers a pulse of oxygen during inhalation, ruggedly constructed and simple to use. No batteries or power required. Compatible with the CIRRUS/Precise Flight Fixed, Semi-portable and Portable Oxygen systems.

027N1101-1 – \$395.00

The 300M pressure regulator is easy to remove. No tools necessary.

The A-4 flow meter on each outlet allows for individual oxygen control.

Choose the leather cover that matches the interior of your CIRRUS.

The Oxymizer Cannula works with the Nelson A-4 flow meter.

The cylinder acts as an armrest between the rear-seat passengers.

PRECISE FLIGHT OXYGEN SYSTEM

We'll install this semi-portable oxygen system directly into your CIRRUS at the factory, or at any CIRRUS Authorized Service Center. The semi-portable 22 cubic foot cylinder provides supplemental oxygen for one to four occupants for extended flights above 12,500 feet.

Acting as an armrest, the cylinder fits comfortably between the rear seats of the CIRRUS, even when all four seats are occupied. The system includes a leather bottle cover to match your CIRRUS interior.

Each system ships with a leather canister cover, four flowmeters, four oxymizers, four full-face oxygen masks, 22 cubic foot canister, STC paperwork and mounting hardware.

Indicate aircraft interior color: Beige, Charcoal, Light Gray, Onyx, Sand, Stone or Vanilla
OXY4001 – \$2,750.00

NEW!

OXYARM

Finally a comfortable cannula. Anti-Microbial Cannula tip, Arm swings up or snaps off, Bose and Universal Ball Mount. Now use oxygen more often and feel refreshed and sharp.

OX020 – \$99.95

NEW!

OXYMIZER

The oxymizer is a type of nasal cannula breathing device that has an oxygen-conserving reservoir in the face piece. The soft and lightweight Oxymizer conforms easily and comfortably to the user's face.

020N0001-1 – 34.95

PILOT ACCESSORIES

NEW!

FIRST AID KIT

All the essentials you would need for everyday use. The new Aviation First Aid Kit will help in those sudden emergencies you just don't expect.

FAK0021 – \$39.95

FASTFIND PERSONAL LOCATION BEACON

The smallest and lightest 406MHz PLB with built-in GPS worldwide. Global alert to COSPASSARSAT satellites. Transmits on the new clearer 406.028 frequency. 121.5MHz homing in frequency. Floats with -4°F battery pack. Chosen by the U.S.C.G. Complete with lanyard and carry case.

BEA3001 – \$595.00

WINSLOW LIFE RAFTS

The Winslow life rafts we sell all have a rated capacity of four with an overload capacity of six. They all come with the CO₂/N₂ inflation system, boarding ladder and bowed boarding assist handle, water activated survivor locator light, auto deploying conical drogue (sea-anchor) with 25' of line and anti-foul swivels, 35' painter line with quick release fittings, unidirectional retro/radar reflective segment, unidirectional retro reflective segments, lifeline, pressure relief and topping-up valves, and urethane valise.

Each offers unique capabilities, so we're sure one will be right for you and your CIRRUS.

WINSLOW RESCUERAFT™

This extremely light raft (16 pounds) is for the pilot who requires minimal weight and the smallest dimensional pack available. While not intended to be a life raft, it provides the basic means of getting survivors off the downed aircraft and keeping them out of the water while waiting for Search and Rescue to arrive.

40SLRR – \$1,495.00

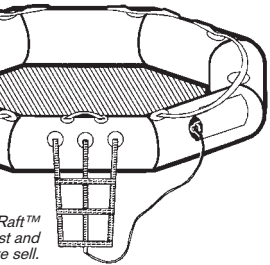

STEARNS PFD – 25 LBS BUOYANCY

Perfect for storage on your CIRRUS, this life vest is small and light-weight and provides 25 pounds of buoyancy that will automatically turn you face-up in the water. Quick to inflate, the high-visibility 210 denier yellow bladder has reflective tape sewn on it, with heat-welded seams backed up by three-cord, 2-inch box x-stitching for leak-proof integrity. The outer pouch is made of 210 denier nylon and hangs on a web belt made of 2" polypropylene. Repack and rearm instructions are sewn in for easy reference.

0375 – \$79.95

This Stearns Beltpack PFD offers a lightweight flotation solution that is rugged and quick to inflate.

The Rescueraft™ is the smallest and lightest raft we sell.

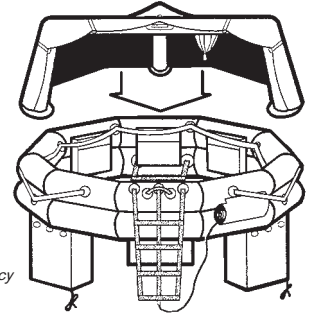

WINSLOW DUALSAFE™

The Winslow DualSafe™ is more than a basic platform life raft offering twin oversized buoyancy tubes for complete redundancy, giving you full capability of the raft with only one tube inflated, in case of a non-repairable puncture. The DualSafe™ can also be customized to include an optional auto-inflatable canopy support system.

46GADR – \$2,500.00

CANOPY – 46GADRC – \$1,017.00

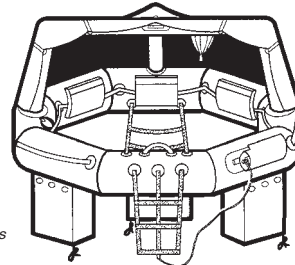

The DualSafe™ offers twin buoyancy tubes for complete redundancy.

WINSLOW ISLAND FLYER LIGHT™

The Winslow Island Flyer Light™ has been the most advanced and capable single tube life raft in its class since its 1996 debut. It shares many of the critical features found in FAA-approved life rafts costing considerably more.

46GASTL – \$2,975.00

The Island Flyer Light™ has features to handle almost any contingency.

MODEL	RATED CAP	MAX CAP	STOWED DIMENSIONS	WEIGHT
Rescueraft	4	6	8" H x 14" W x 16" L	16 LBS.
add'l equipment	Standard Survival Equipment: Bellows Pump/Adapter, Raft Knife			
DualSafe	4	6	8" H x 14" W x 24" L	25 LBS.
add'l equipment	Interior Assist Ladder, Heavy-Duty EZGrip Righting Line, Starter Survival Kit*			
Island Flyer	4	6	9" H x 15" W x 21" L	29 LBS.
add'l equipment	Three Position Lightweight Nylon Canopy, Single Arch Canopy Support, Interior Assist Ladder, Foul Weather Observation Port Hole, Water Collection System, Starter Survival Kit*			

***STARTER SURVIVAL KIT** – This survival kit included with the DualSafe and Island Flyer Light includes: manual inflation pump, repair kit, collapsible bailer bucket, two sponges, signal mirror, USCG aerial meteor flare, USCG hand-held locator flare, raft knife, lockback knife, survival manual.

CLEANING SUPPLIES PREFLIGHT FLUIDS

DELUXE LEATHER CLEANING KIT

The ultimate in keeping your plane interior looking great! Comes with: 5 oz. Cleaner with Conditioner, 5 oz. Leather Conditioner, 2 oz. Ink Remover, 1 Micro Fiber Towel, (1) 6" handle brush, and a "Cleaning and Maintaining Your Aircraft Leather" brochure. **LTH4001 - \$29.95**

ELIMINATOR 3 CLEANER

Clean the belly of your CIRRUS with this fast-acting foam spray. It removes tough grease and grime with minimal effort. It comes ready-to-use and no rinsing is necessary. Use it with a power sprayer for light degreasing. 1 qt. **ELIM3 - \$9.95**

CLEENSHIELD ULTRA-MICROFIBER CLEANING CLOTH

We finally found a windshield cleaning cloth that doesn't scratch.

CleenShield™ Cleaning Cloth is a non-woven, ultra-microfiber material designed specifically for use on aircraft windows. Each fiber is hundreds of times smaller than a cotton strand, creating a super soft, thick, and absorbent cloth with non-abrasive ends. Use with water or polish or as a chamois to wax or polish paint. Shipped in a lightweight plastic tube that's perfect for storage. Machine washable. **MCW1001 \$14.95**

PRIST® ACRYLIC, PLASTIC & GLASS CLEANER

Good surface cleaners that won't scratch aircraft windows are hard to find. PRIST will not harm acrylic, stretched acrylic, polycarbonate, glass and coated glass windscreens. It also works on metal and vinyl without harming painted surfaces. It breaks down and removes stubborn grease and dissolves organic residue with a minimum of scrubbing. It also contains an

anti-static compound that prevents the buildup of static charge, which can attract airborne particles that can scratch surfaces while cleaning.

Prist® cannot go air freight Haz Mat. Ground shipping only. PGC13 - \$7.95

POSTERS

Hang this poster to enjoy the beauty of an SR22-G3 flying low over icy water. Sounds of cracking ice not included. 36" x 24" **PWIB3001 - \$9.95**

Order today at cirrusconnection.com | 19

The CIRRUS "weeping wing" utilizes a glycol solution forced through thousands of tiny laser-cut holes in the titanium leading edge of the SR22.

TKS FLUID

Approved for use on the SR22, this fluid melts away ice on the leading wing edges, tail, and propeller. The fluid is compounded and tested within a tight tolerance to ensure effectiveness, stability, and ease of use. Used with the TKS ice protection system installed on your SR22. Oversize item. **Requires additional shipping charge. Ground shipping only.**

HIGH DEFINITION HDL-3C SUNGLASSES BY VEDALO^{HD}
 The polycarbonate lenses on these sunglasses have a patented technology that improves their performance, and the rimless design with beta-titanium frames keeps them extremely lightweight—they only weigh 12 grams. The lenses have better color through a built-in filter that equalizes the colors in the spectrum improving color sensitivity and contrast apprehension. The decentered lens is scientifically designed to increase visibility and eliminate distortion—enhancing the lens's clarity without creating eye strain, even when worn all day long.
 The lenses have a scratch-resistant coating and are made of the highest quality, Italian-made polycarbonate, which is a natural UV ray inhibitor, giving you 100% UV protection that exceeds all American, Australian, and European optical standards.
 Lens colors: Copper Rose, Green, Smoke
 Choose from Rosso, Azzurro, Argento or Nero styles.
